## 10.00 Start of event

### 10.00-10.10 Meeting introduction BIORIMA coordinator

*Lang Tran* (Institute of Occupational Medicine)

### 10.10-12.00 Session I

Chair: *Lisa Bregoli* (Warrant Hub SpA)

#### Presentation of BIORIMA Final Results

**10.10-10.25 WP2 outcomes from materials** *Anna Costa* (CNR-ISTEC)

**10.25-10.40 WP3 outcomes from exposure studies** *Bernd Nowack* (EMPA)

**10.40-11.00 WP4 outcomes from hazards studies** *Bengt Fadeel* (Karolinska Institutet) and *Janeck Scott-Fordsmand* (Aarhus University)

11.00-11.10 Coffee break

**11.10-11.30 WP5 DSS for risk assessment and management of nano/biomaterials** *Danail Hristozov, Alex Zabeo, Virginia Cazzagon* (Greendecision Srl)

**11.30-11.45 WP6 outcomes from case studies** *Carlos Fito* (ITENE)

**11.45-12.00 Round table discussion**

**12.00-12.30 Coffee/lunch break**

### 12.30-13.45 Session II

#### Nanosafety projects response to real-world needs

**12:30 – 13:30 COVID-19 Task Force of BIORIMA: Addressing the Needs of the Pandemic**

Chairs: *Bengt Fadeel* (Karolinska Institutet) and *Lang Tran* (Institute of Occupational Medicine)

**Introduction: from nanosafety research to vaccines** *Bengt Fadeel* (Karolinska Institutet)

**Silver nanoparticles as a potential anti-viral agent** *Anna Costa* (CNR-ISTEC)

**Pegylated lipid nanoparticles: making vaccines safe** *Terry Wilkins* (University of Leeds)

**Environmental perspectives on COVID-19** *Janeck Scott-Fordsmand* (Aarhus University)

**13:30 – 13:45 Round table discussion**

### 13.45-14.35 Session III

**NSC-community-activity "Brainstorming of future collaboration for nanobiomaterials risk assessment"**

**Introduction** *Lang Tran* (Institute of Occupational Medicine)

**Interactive session with online white board** *Andreas Falk and Susanne Resch* (BioNanoNet Forschungsgesellschaft mbH)

**14:35-14:45 Wrap up from the project coordinator** *Lang Tran* (Institute of Occupational Medicine)
